

INTERDISCIPLINARY MANAGEMENT (IDM)

IDM 1010 Communication for Career Management 1.5 cr

In this course, students will build foundational skills to enable them to design a career plan and identify strategies to achieve their career goals. Topics covered will be fundamentals of career management including, career assessment, identifying strengths and motivators, career goal setting, exploring career options through employment research, résumé and cover letter writing, interview preparation, job search strategies, networking, salary negotiations, and using social media to manage one's career. This course is restricted to Asper students.

IDM 1020 Data Software for Business 1.5 cr

This course teaches contemporary data software skills that are widely used by businesses for managing and analyzing data. The course will focus more on advanced skills such as mathematical and statistical calculations, financial functions, pivot tables, macros, linking different data files, and creating graphs and charts. May not be held with the former MIS 2000 or MIS 2001.

Mutually Exclusive: MIS 2000, MIS 2001

IDM 2010 Indigenous Peoples and Canadian Business 3 cr

(Lab required) This course will provide business students with the foundational knowledge necessary to develop and maintain positive business relationships with the Indigenous Peoples of Canada. An overview of the emerging and rapidly growing Indigenous economy in Canada will be examined. Students will learn about the past, present, and future aspects of Indigenous peoples and settler society, and how these shape Indigenous business and economic development. The course will encompass treaty-making relationships, assimilation attempts, reconciliation, and a future-oriented state of a reconciled Canada. Economic and social contributions of Indigenous businesses will also be discussed. Course is restricted to students in Year 2 and above.

PR/CR: A minimum grade of C is required unless otherwise indicated.

Prerequisite: one of: GMGT 1010, GMGT 1011, INDG 1200 (the former NATV 1200), or INDG 1220 (the former NATV 1220), and a minimum of 45 credit hours of university level courses.

IDM 2020 Introduction to Business Analytics 3 cr

This course introduces students to data analytics applications in business contexts. It discusses the importance of evidence-based decision making, the process of data analysis, legal and ethical issues of privacy, and provides an overview of techniques and tools used for business analytics. It includes hands-on exercises of data visualization in business contexts using contemporary software and techniques. May not be held with MIS 3010.

PR/CR: A minimum grade of C is required unless otherwise indicated.

Prerequisites: (STAT 1000 or STAT 1001 or STAT 1150) and (IDM 1020 or the former MIS 2000 or MIS 2001), or permission from the Asper Undergraduate Program Office.
