Students who have completed only CHEM 1300 (or an equivalent) must complete CHEM 1110 and CHEM 1120 to fulfill the introductory Chemistry requirements.

Chemistry course options are:

CHEM 1100, CHEM 1110, and CHEM 1120

CHEM 1300, CHEM 1110, and CHEM 1120

CHEM 1300 and CHEM 1310 - To account for the extra credit hours for the Chemistry Lab, students who took CHEM 1300 and CHEM 1310 need to take an additional 3 credit hours of electives.

<sup>2</sup> Those students admitted with 6 credit hours of acceptable Chemistry courses will be required to complete 6 credit hours of electives. Students admitted with 9 credit hours of acceptable Chemistry courses will be required to complete 3 credit hours of electives.

<sup>3</sup> Registration in HYGN 2100 will also occur with the first clinical year of the Dental Hygiene program. However, no grade will be assigned and it will not be factored into GPA calculations.
