## Program Requirements for the Asper School of Business /École technique et professionnelle joint program

**September 2022 will be the last intake from under the articulation agreements with Manitoba Colleges.**

Prior to admission to the Asper School of Business/École technique et professionnelle Joint Program students must complete the Business Administration Diploma (University Stream) at École technique et professionnelle with a minimum cumulative grade point average of 3.00. Students must have graduated from the Diploma program within the last 5 years to be eligible for admission. Admission is limited and competitive. Following admission to the Asper School of Business, students in the Joint Program will be required to complete 66 credit hours to earn the Bachelor of Commerce (Honours) degree. The 66 credit hours can be divided into the following components: the Core, the Major, Business Options, and Electives. These components and their associated limits are defined below.

**Note:** The Joint Program is currently under review; transfer credit details are subject to change. Please contact the Asper Undergraduate Program Office, Room 268 Drake, for information and details on the admission requirements and transfer credit processing.

**Note:** Students admitted to the Asper School of Business prior to the current calendar year should refer to the Archived Academic Calendar (<https://umanitoba.ca/registrar/academic-calendar/past-academic-calendars/>) for the year in which they were admitted for a description of their program requirements.

### The Core

The **Core** comprises 39 credit hours of the 66 required in the Joint Program. The Foundation courses (12 credit hours) should be taken in the first year in the Asper School. Students must achieve a minimum "C" grade in each Foundation course. The Program Core courses (27 credit hours) may be taken at any point in the program, but the course GMGT 4010 must be taken in the student's final term. Core courses are listed below in Course Requirements for ETP Joint Program Students.

### The Major

Each student must complete the course requirements of one **Major**. Each Major will consist of a 12 credit hour unit of course work. Information on completing a Second Major is found in the Faculty Academic Regulations (<https://catalog.umanitoba.ca/undergraduate-studies/management-business/#Completing-two-majors>). The Majors are found in the overview (<https://catalog.umanitoba.ca/undergraduate-studies/management-business/#text>) and the program tab (<https://catalog.umanitoba.ca/undergraduate-studies/management-business/#programstext>).

Students may begin taking courses for their major as soon as prerequisites are met. Students have an opportunity to transfer from one Major to another, but this opportunity decreases as the student progresses in the program.

**Note:** Students in the Asper School of Business/École technique et professionnelle joint program who want to major in Finance will be required to take FIN 2200 as one of their Business Options.

### Business Options

This component of the program consists of a required number of Business courses freely selected by the student. These courses are referred to as Business **Options**. Students must take at least nine and not more than 9 hours of Business Options. All Business Options courses must be at the 2000 Level or higher, except for language courses used as part of the International Business Major. Some students may want to take Business Options which will supplement their Major, whereas other students may prefer to broaden their educational base by selecting Business courses in other Majors. Students who want to supplement their Majors may take up to 9 hours of their Business Options from that area. Students may complete a second Major as part of their Business Options requirements. Such students should consult with staff in the Undergraduate Program Office.

### Electives

This component of the program is the **Elective** requirement. An Elective is any three or six credit hour course freely chosen by the student from courses taught in the degree programs of other faculties and schools, excluding the Asper School of Business. Students must take at least 3 credit hours of Electives that meet the following criteria; 3 credit hours must be a freely chosen course that meets the Written English "W" requirement at any level.

### Business Option or Elective

This component of the program consists of 3 credit hours which may be either a Business Option or Elective but it must be at the 2000 Level or higher.
