<b>Hours</b>		<b>18</b>
<b>Total Hours</b>		<b>120</b>

<sup>1</sup> PSYC 2260 satisfies the university mathematics requirement.

<sup>2</sup> IMPORTANT: The four year Major program need not be completed in the manner prescribed in the grid above. The grid indicates one possible arrangement of the required courses and is meant to be a guide around which students can plan their program.

<sup>3</sup> Introductory courses in Biological Sciences, Chemistry, Computer Science, Mathematics, or Statistics are highly recommended.

<sup>4</sup> During Years 2 to 4 a total of 42 credit hours of 2000 or 3000 level Psychology courses must be completed, including a minimum of 3 credit hours from each of the five lettered categories of courses below.

<sup>5</sup> The Science courses must include a minimum of 18 credit hours at the 2000 level or above.

(Letters in brackets refer to minimum prerequisite standing required for further study.)
