

STATISTICS

Head: Dr. Saman Muthukumarana

Campus Address/General Office: 206 Biological Sciences Building

Telephone: 204 474 8172

Email Address: Stats_Dept@umanitoba.ca

Website: umanitoba.ca/science/statistics ([https://umanitoba.ca/science/statistics/](https://umanitoba.ca/science/statistics))

Statistics

Statistics is a discipline grounded in mathematics that has practical applications in many other areas. Statistics is an analytical discipline that helps other disciplines carry out research projects and studies that involve measurement, comparison, and interpretation. Statistics is a useful ancillary subject to other sciences, the social sciences, and many of the professional programs. The department offers joint programs with Computer Science, Mathematics, Economics and Actuarial Mathematics.

Programs

Degree/Diploma	Years to Completion	Total Credit Hours	Has Co-op Option
Statistics, B.Sc. Honours (https://catalog.umanitoba.ca/undergraduate-studies/science/statistics/statistics-bsc-honours/)	4	120	Yes
